Take-Home Quiz 4

Due: Thursday 16 May 2019 by 2:45pm

Turn in your work for the following problems assigned from the homework. If you already have the problems done, you do not need to redo the work. Just attach your work to this quiz and clearly mark the requested problems. You *are* allowed to work with each other and to get help from the tutors, but you cannot get help from me. The quiz is due Thursday, May 16, 2019 by 2:45pm. It will **not** be accepted after that. ***Good luck!***
